

Quadrat Studio 4 window profile

Quadrat Studio 4 profile offers a unique and practical solution to contemporary living. Designed to match and enhance the standard Quadrat Studio range, this profile includes an accessible void within the window for built in venetian or fabric blinds and offers both solar control and privacy for the discerning homeowner. The flush face of both the frame and sash are enhanced with a slim shadow line around the edge and this window system offers triple or quadruple glazing for added thermal performance.

Performance ratings

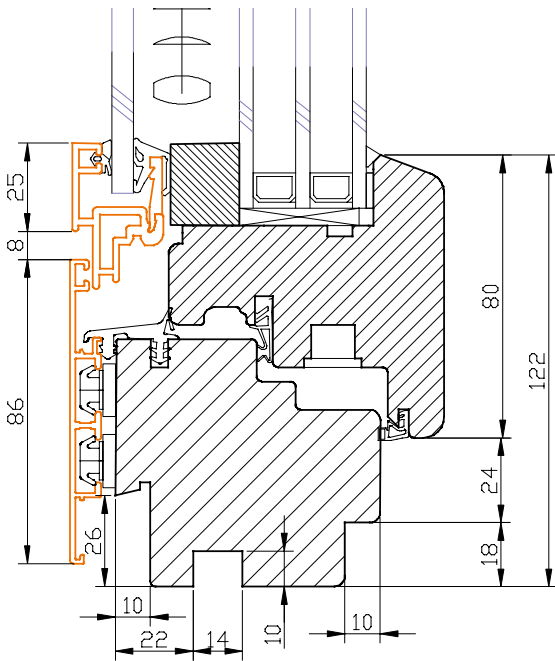

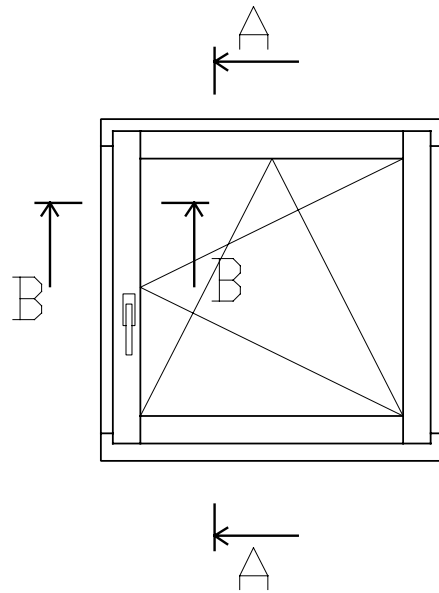

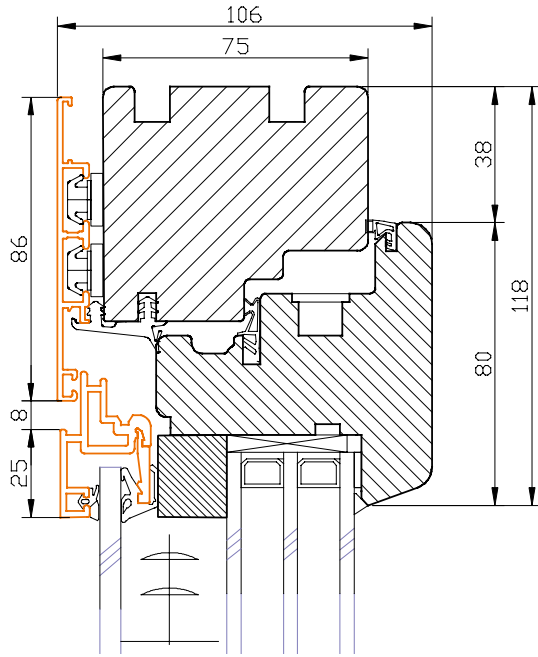

- ✓ Wind load resistance: Class C4
- ✓ Air permeability: Class 7B
- ✓ Thermal transmittance: 0.85W/m K
- ✓ Sound insulation : 36Db
